# Gulf Syngear PC 75W-85

*Fully Synthetic Automotive Gearbox Oil*

## Product Description:

**Gulf Syngear PC 75W-85** is a fully synthetic, fuel-economy passenger car axle fluid offering increased gearbox efficiency in passenger cars due to low viscosity level. **Gulf Syngear PC 75W-85** is based on proven additive technology with multiple application profiles into a shear-free base oil matrix. Special friction modifiers reduce power losses in gears and bearings due to friction thus increasing gearbox efficiency and ensures the performance of limited slip differentials.

**Gulf Syngear PC 75W-85** offers fuel economy, reduces wear, sludge formation, agglomeration and corrosion and has outstanding low temperature behaviour.

**Gulf Syngear PC 75W-85** is suited for Alfa Romeo, BMW, Fiat, Lancia and VW TL 521 45-X (G 052 145 A1) and VW TL 521 90 (G 052 190 A2/G 055 190 A2) and specially for gearboxes requiring MB 235.7 specification.

Meets the specifications of:  
API GL-5, MB 235.7, ZF TE-ML 18
